INTRODUCTORY.

In collating the material for this Guide Book, 17,827 special communications, and 2500 pages of The American Angler and other accredited authorities, have been received, examined and in journalistic parlance, "boiled down." The result is before the reader in the form of 2,105 centre points from whence over 7,000 angling waters are more or less accessible; of these the following data are given:

1st.—How they are reached. 8th.—Accommodations and charges at
2nd.—Distance from nearest point by hotels, also those of private boarding
railroad, or other public transportation houses.
routes.
3rd.—The species of fish therein. 9th.—The favorite grounds, when known,
4th.—The fishes that are most abundant, of local anglers.
5th.—The best months for fishing. 10th.—Cost of guides, boats and bait.
6th.—Local baits used. 11th.—Where salt water exists, the best
7th.—Methods of local anglers. tide to fish in.

In addition to the above I have given the quality of the fishing when authenticated by my own experience or that of a responsible correspondent. In this connection anglers should bear in mind that fish are erratic in their humors; that in the same water fishing may be good to-day and bad to-morrow; that wind, weather, water and the feeding hours of fish are all essential factors in an angler's success or failure. In waters of which I have no authentic information the reader will find recorded, without comment, the names thereof, distance from station, charges, species of fish caught, etc.

The plan of compilation which has been adopted, I believe to be the best form for making the Guide Book concise and of ready reference. It was a subject of much thought and several methods were experimented upon, particularly that of classification by waters, but the immense mass of material to be utilized and the geographical range and area of the rivers and lakes, indicated that if this latter form was used, the book would grow to the size of a ponderous encyclopedia rather than the pocket volume in which it now appears.

I have endeavored to make plain to the angling reader, resident in any section, the perplexity experienced in the identification of a fish under its local name, varying in different localities. In a few instances I have been unable to do this and have called for information from anglers familiar with the fishes and the waters where peculiar names for the former are in use. This confusion exists more generally in the Southern States, particularly for the local names of the salt water fish on the Atlantic coast belt from the mouth of the Chesapeake Bay to the southern limit of the State of Georgia; also, for the fresh water fishes in the states of Virginia, West Virginia, North Carolina, Georgia, Kentucky and Tennessee. I urge upon my brother anglers to assist me in simplifying the popular nomenclature of the fishes of the country.

For errors of omission I can only claim indulgence based on the scope, newness and magnitude of the compilation. Doubtless many fruitful angling waters are not named, owing to my ignorance of their existence, and to the impossibility of covering the entire continent in the first issue of a work of this character, yet of this I am assured, that nearly four thousand excellent fishing "grounds" are here-in located, concerning which I have been entirely ignorant, despite an angling experience of over a quarter of a century.

To those of our selfish brethren of the angle, if such there be, who are inclined to grow surly critical over the "giving away" of their favorite waters, I beg to quote what old Walton's Piscator said to Venator over two hundred years ago:

"Go your way presently; take my rod and do as I bid you, and I will sit down and mend my tackling till you return back."

WM. C. HARRIS.

EXPLANATORY.

The alphabetical headings of the text indicate the stations of transportation companies, for instance: On page 48 will be found Lennox (C. M. & St. P.), and by referring to the "Index of Transportation Companies" on pp. 244-249, the initial letters "C. M. & St. P." will be found to designate the Chicago, Milwaukee & St. Paul Railway, and that Mr. A. V. H. Carpenter, Milwaukee, Wis., is the General Passenger Agent of said railway, to whom all letters of inquiry as to trains, cost of transportation etc., via his road, should be addressed. Over two hundred transportation companies are designated in this manner.

If the angler desires to visit, or acquire a knowledge of any particular water, and does not find it among the headings in the text under the state captions, by referring to the "Index to Fishing Waters" on pages 209 to 243, he will see the page indicated upon which the name, locality and fishing facilities of the water occur.

Owing to the large number of correspondents (nearly 18,000) upon whom the editor and compiler has been compelled to rely for much of the information contained in the guide book, there, doubtless, occur many errors in the orthography of the waters named herein. These, it has been found impracticable to entirely correct in the first edition, owing to the fact that over 2,000 of the waters named have no place in the Gazetteers or on accredited maps. Such errors are aptly illustrated by "Ephnores lake" or "Effnor lake"; the first is found on page 136 as adjacent to "Jessups Landing" station on the Adirondack railroad, and the second (Effnor) at Hadley station, page 138, on the same road. These two stations are but five miles apart and Ephnores 1 and Effnor 1 are doubtless one and the same water. When such inconsistencies occur, the angling reader will not be confused, as however varied the spelling may be, the pronunciation is not affected.

Again; in numerous instances the terms lake, pond, stream, creek, run and brook will be found interchangeable, but to prevent confusion we have given, at the risk of repetition, the local nomenclature of the waters.

To avoid frequent use of the same terms we have employed the following:

ABBREVIATIONS—B. b., black bass; br., brook; cr. creek; l., lake; l. m., large mouth; m., mile; p., pond; p. d., per day; p. w., per week; r., river; s. m., small mouth; str., stream; w., week.
SUMMARY OF THE FISH LAWS.

[The provisions of the fish laws of the different States, Territories, and of the Dominion of Canada prohibit, under heavy penalties, the killing of salmon, trout, black bass, and other recognized game fish by any other method than by hook and line. In states where exceptions to this general law obtains, a note is made of the fact under the proper caption. The open seasons as given in the annexed schedule refer exclusively to hook and line fishing, which in the State of New York is defined as "a line held in the hand," and as "lay-out" or "set lines" are prohibited by statute in many of the states, a strict construction of the definition of hook and line fishing is indicated by the New York law.]

Alabama.—The fish laws of this state apply only to the Tennessee river in which it is unlawful to use nets or poison.

Arkansas.—No protecting fish laws have been enacted in this state.

British Columbia, Province of.—See Ontario and Quebec, the game and fish laws of which were extended to British Columbia by order of the Governor in Council on Sept. 15, 1879.

California.—The open season for all varieties of trout is from April 1st to Nov. 1; salmon are protected only in the month of August.

Colorado.—It is not lawful to kill trout "or any food fish" with hook and line except in the months of July, August, September, October and November; fishing is prohibited within 200 yards of "any fishway or artificial or natural obstruction" in all the waters of the state.

Connecticut.—The open seasons are:—Trout from April 1 to July 1; black bass can be caught in the running waters of the state in any month of the year. There is no close season for mascalonge, pike and pickerel. The waters protected by special enactments are numerous and as there has never been an official list of them collated, it is difficult to cull from the general laws an authentic schedule of them. The following list however, will doubtless serve the purposes of the resident or visiting angler: Hockanum river in East Hartford is protected from December 1 to April 1; Salmon river in Middlesex County can only be fished from the 1st of April to June 15; fishing is prohibited in Patagonsett lake, in East Lyme, between November 15 and March 15, unless by consent of the owner; black bass cannot be caught in West Hill pond in New Hartford and Barkhamsted, between April 30 and June 10; winter fishing (from November 15 to April 1), is prohibited in Marsh lake, in the towns of Bristol and Plymouth until March 28, 1886, and the same is entirely prohibited in Lake Wononscopomoc at Lakeville, and Lake Washenee one of the Twin lakes at Chapinville, between November 15 and June 15; black bass less than 6 inches in size if caught in Waramaug lake in Litchfield County must be returned to the water immediately; fish must not be taken by any means from Cherry pond in the towns of Avon and Canton, except during July and August; Tyler pond in the town of Goshen must not be fished except from June 1 to January 1; fishing is prohibited in Columbia Reservoir until January 2, 1887; fishing is prohibited in Stratton or Beaver Dam brooks, in the town of Simsbury, until April 1, 1886; the open season for Taunton lake, in the town of Newtown is from July 1 to February 1.

Dakota.—Fishing with hook and line is permitted from May 1 to February 1.

Delaware.—Fish cannot be caught from the waters of this state by non-residents, who to enjoy the privilege must become members of the Delaware Game Protective Associations, the fees for which are $5 the first year, and $2 each succeeding year. George Churchman, Sec'y, to whom application must be made for membership, resides in Wilmington, Del.

District of Columbia.—No restrictions on hook and line fishing. See Maryland and Virginia.
Florida.—No restrictions on hook and line fishing.

Georgia. No restrictions on hook and line fishing.

Idaho.—No restrictions on hook and line fishing.

Illinois.—No restrictions on hook and line fishing.

Indiana.—No restrictions on hook and line fishing.

Indian Territory.—No fish laws are in force.

Iowa.—“It is unlawful to catch or kill any bass or wall-eyed pike between April 1 and June 1; or any salmon or trout between November 1 and February 1.”

Kansas.—No restrictions on hook and line fishing.

Kentucky.—No restrictions on hook and line fishing.

Louisiana.—No restrictions on hook and line fishing.

Maine.—Hook and line or artificial flies cannot be used within 100 yards of any fishway, dam or mill-race. The open seasons are as follows: Salmon from July 15 to Sept. 15; Land-locked salmon, trout and togue (lake trout), May 1 to Oct. 1; (this season closes for the three last named fish on September 15th in St. Croix River and its tributaries, and in all the waters of Kennebec County); black bass and white perch can be caught from July 1 to April 1. Citizens of the state can catch (for home consumption only) land-locked-salmon, trout and togue during the months of Feb., March and April. Angling with any device except a single baited hook or with artificial flies is prohibited under a penalty of $10 to $30 for each offence and $1.00 for each fish caught. Sea or land-locked salmon under 9 in. or trout less than 5 in. must be returned to the water, and no person is permitted to catch, kill or have in possession for the purpose of transportation more than 50 lbs. in all of land-locked salmon or trout or togue, and if transported the fish must be accompanied by the owner of them. Fishing is prohibited until Feb. 16, 1886 in Rounds Brook and in Deep Brook, both of which are situated in York County; fishing for trout and land-locked salmon in Misery and Saccamon or Sacotian rivers, which empty into Moosehead Lake, is not allowed between Sept. 15 and May 1. The following waters are prohibited from being fished for 3 years from Feb'y 19, 1885: Piscataquis pond, Chadborn pond and Berry pond in Limerick. Fishing is not allowed for six years from February 21, 1885 in the tributaries of Wilson pond in Androscoggin County; for five years from February 21, 1885, in Taylors pond and its outlets as far down as Willis’ lower mill dam; for 10 years from February 21, 1885 in Canaan pond and ponds immediately connected therewith located in Waldo and Knox Counties. Winter fishing (November 1 to May 1) is prohibited in Allen pond in Androscoggin County, also in Garland Village pond, Crowell’s brook, Holt’s Mill pond in Penobscot County, the close season for the two last named extending to May 15. “No person shall take, catch, kill fish for, or destroy, any trout or land-locked salmon in the Rangeley Stream, between the mouth of the Kennebec Stream and the head of the island at the eddy, so called, in said Rangeley Stream, from the 1st day of July to the 1st day of May; nor in that portion of said stream from the head of said island to the Rangeley Dam, at any time; nor in the South Bog Stream, which empties into Rangeley Lake, above the dead-water at the mouth of said stream, from the 1st day of July to the 1st day of May; nor in the Bemis Stream, which empties into Mooseheadmaguntic Lake, above the blue water, so called, at the mouth of said stream, from the 1st day of July to the 1st day of May; nor in the Cupsuptic Stream which empties into Cupsuptic Lake, between the foot of the first falls towards its mouth and its source, from the 1st day of July to the 1st day of May; nor in the Kennebec Stream, between the foot of the first falls toward its mouth and the upper falls at the outlet of Kennebec Lake, from the 1st day of September to the 1st day of May.”

Manitoba, Province of.—See Ontario and Quebec.

Maryland.—The open seasons are: For trout from April 1st to August 15. Black bass can be caught during any month except May. The open season for brook trout ends in Garrett County on August 1. No restrictions on fishing for black bass with hook and line.

Massachusetts.—The open seasons are: Salmon, from May 1st to August 1; brook trout, lake trout, and land-locked salmon, April 1 to September 1; black bass from July 1 to December 1; smelt from June 1 to March 15. Trout cannot be taken from the following waters without permission of the land owners under penalties imposed by statute: The stream at East Head, towns of Carver and Plymouth, and
from Averi Brook or its tributaries, in the towns of Claremont and Heath. Black bass cannot be caught in the waters of Lake Cochituate in Middlesex County under a penalty of $5 to $50 for each offense. Fish of any kind cannot be taken from the ponds supplying the city of Worcester with water, except by permission of the city authorities.

**Michigan.**—The open seasons are: Trout from May 1 to September 1; grayling from June 1 to November 1. Fishing in the following named waters is prohibited from December 1 to April 1: Devil's Lake, Round Lake, both in Lanawee County; Whitmore Lake in Washtenaw County, and Brace Lake in Calhoun County. In January, February and March, fishing is prohibited in the inland lakes of Oceana County. In November, December, January, February, March, and April, fishing is not allowed in Reeds and Fish Lakes in the township of Grand Rapids, Kent County. Fishing with hook and line is permitted from May 1 to November 1 in the lakes of Jefferson township and in Diamond Lake and in Stone Lake, all in Cass County, and any lake in Westervelt township, Berien County; no close season for black bass. Trout and grayling less than 6 inches must not be caught.

**Minnesota.**—The open seasons are: Trout from April 1 to October 1; no restriction on other fish by hook and line fishing.

**Mississippi.**—No restriction on hook and line fishing.

**Missouri.**—No restrictions on hook and line fishing.

**Montana, Territory of.**—No close season for hook and line fishing.

**Nebraska.**—No close season for hook and line fishing.

**New Brunswick, Province of.**—Fish may be caught (with the artificial fly only) during the following months: Salmon from March 1 to September 15; salmon fry (parr or smolt) under 3 lbs. must be returned to the water; brook and lake trout (lunge) between February 1st and September 15.

**New Hampshire.**—The open season for land-locked salmon, lake and brook trout, extends from April 30 to September 30; fishing is permitted for lake trout with a single hook and line during January, February and March. Pike-perch and white perch can be caught from July 1 to May 1; black bass from June 15 to May 1; masconalge, pike, pickerel, and "grayling" from June 1 to April 1. "Young salmon known as parr, smolts or grilse" when caught must be returned to the water. Fishing is prohibited within 400 yards of any fishway, and brook trout less than 4 in. and striped bass less than 15 in. in length must not be caught. Fishing is prohibited in the Penigewissit river in the vicinity of the State Hatching House in Holderness.

**New Jersey.**—The open seasons are: Trout, lake and brook, from March 1 to October 1; black bass from June 1 to November 1.

**New Mexico, Territory of.**—The statute recites: "It is unlawful to take, kill, or have in possession for the purpose of sale any trout taken in any of the public waters of this territory during December, January, February, March or April in any year." There are no other restrictions on hook and line fishing.

**New York.**—The open seasons are: Black bass (small mouthed), Oswego bass (large mouthed), and masconalge from June 1 to January 1; the open season for black bass of both varieties commences July 1 and ends January 1 in the waters of Lake Mahopac, and in those of Columbia County; in the waters of Schroon lake, river and Paradox lake in the counties of Essex and Warren, and in the waters of Friends lake in Warren County; in Lake George, and in Brant lake in Warren County; the season for black bass opens on July 20, and ends January 1. Black bass and masconalge can be caught in the following named waters between May 20 and January 1: St. Lawrence, Clyde, Seneca and Oswego rivers; in Lakes Erie, Ontario, Conesus and in the Niagara river above Niagara Falls on the American side. No black or striped bass can be caught in any waters of the state of less than half (\(\frac{1}{2}\)) a pound in weight or less than eight (8) inches in length, measuring from the end of snout to end of caudal fin. It is prohibited to catch or kill or attempt to catch or kill any bullheads or other fish in the waters of Lake George or in the waters of any of the inlets or creeks emptying into said lake, between April and July 1 in any year. Pickerel cannot be caught in Lake George between February 15 and June 15. The open season for brook (speckled) trout, salmon (lake) trout and land-locked salmon is from May 1 to September 1, except in the counties of Queens and Suffolk (Long Island), where they can be caught from April 1 to September 1. The species of
trout above named, including the California trout, cannot be caught of less length than six (6) inches, in any of the waters of the state. Fish must not be willfully disturbed while on their spawning beds in the public waters of the state, except in Lake Ontario; and spawn or milt must not be taken from the fish in any waters, not private.

North Carolina.—The open season for brook trout is from December 31 to October 15th in the counties west of the Blue Ridge Mountains and from January 1 to October 1 in the waters of New or Watagua rivers and their tributaries in Watauga County, and the New river and North Fork of same and their tributaries in Ashe County. The above restriction as to legal season does not apply to the counties of Henderson, Yancey, Transylvania, Buncombe and Macon. No restriction as to hook and line fishing for other fish than the brook trout.

Nova Scotia, Province of.—The legal season (for surface fly-fishing only with rod and line) for salmon is from February 1 to September 15th. All varieties of trout can be caught from January 1 to October 1.

Ohio.—“Brook trout, salmon, land-locked salmon or California salmon” (we quote the text of the law), can be legally caught from March 15 to September 15. No restrictions on hook and line fishing for other fish.

M. on Saturday to 6 A. M. on Monday), in the months of April, May and June and July.” Fishing for “redfish” is permitted from January 1 to August 10.

Pennsylvania.—“Sea salmon” and “speckled trout” can be legally caught from April 1 to August 1; lake (salmon) trout from January 1 to October 1; “black bass, green bass, yellow bass, willow bass, rock bass, Lake Erie or grass bass, pike, pickerel or wall-eyed pike, commonly known as the “Susquehanna salmon,” can be caught from June 1 to January 1. [This law does not apply to the waters of Lake Erie, except in the ponds or peninsula forming the north and east shores of the harbor of Erie. Trout, either brook or California mountain trout, cannot be caught less than five (5) inches in length, and the same law applies to bass of any species under six (6) inches in length.

Prince Edward Island, Province of.—The open season for trout is from December 1 to October 1; for salmon from January 1 to September 1.

Quebec, Province of.—The open seasons are: Brook (speckled) or river trout from February 1 to October 1; salmon trout (lake trout or lunge), or “winnoniche,” (land-locked salmon), from December 1 to October 15; black bass, pickerel (dore or pike-perch) and mascalonge June 15 to May 15; salmon can be caught (only by “surface fly fishing”) from May 1 to September 1.

Rhode Island. The open seasons are: Black bass can be taken (except in the waters of Snake pond, town of Cumberland), from July 15 to March 1; trout from March 1 to August 15; pickerel June 1 to April 1.

South Carolina.—No restrictions on hook and line fishing. Non-residents (persons who have not resided one year in the state), cannot fish except by permission of land holders.

Tennessee.—No restrictions on hook and line fishing.

Texas.—No restrictions on hook and line fishing.

Utah, Territory of.—Trout may be taken with hook and line between June 15 and March 15.

Vermont.—Trout, land-locked salmon, trout or “longe” (the latter is the local name for salmon or lake trout), can be legally taken with hook and line between May 1 and September 1; the black bass open season is from June 15 to February 1, and bass under (10) ten inches must be returned to the water. Wall-eyed pike (pike-perch), pike and pickerel can be caught only from June 15 to February 1.

Virginia.—The open seasons are: For trout from April 1 to December 15; black bass (locally called river bass, black perch, pond bass or Southern chub), from July 1 to May 15.
SUMMARY OF THE FISH LAWS.

Washington, Territory of.—No restrictions on salmon fishing with hook and line except during the months of March and August, and during the weekly close time between 6 P. M. on Saturday to 6 A. M. on Monday in the months of April, May, June and July. This applies solely to the Columbia river and its tributaries, and is a strict construction of the law as printed. The open season for "salmon, salmon trout, 'bull trout' or trout" in any of the streams in the county of Walla Walla (except the Columbia and Snake rivers), is from April 1 to November 1, which is the open season for mountain or brook trout in all the other waters of the state.

West Virginia.—The open seasons are: For jack or white salmon (probably pike-perch), June 15 to May 1; for brook trout or land-locked salmon from January 1 to September 1. The legislature of this state was in session with a new fish law before it when this book went to press.

Wisconsin.—The open seasons are: For brook trout from April 15 to August 15, except in the counties of Ashland, Bayfield and Douglas, where trout can be caught from April 1 to September 15; for black bass and wall-eyed pike (pike-perch), from May 1 to February 1. Lake trout (commonly known as Mackinaw trout), under ¾ lb. must be returned to the water.

Wyoming, Territory of.—"It shall not be lawful for any person or persons to kill or take any fish from the public waters of this territory in any manner whatsoever between the first day of November and the first day of June.—Session law of 1884, chap. 45, sec. 12."
ALABAMA.

Province of New Brunswick.

Andover (New B.)—There is good fishing at certain seasons, say in June, for salmon and trout at the mouth of Tobique r., and 15 or 20 m. up it. In 1884 two rods scored 17 salmon in Aug. on the main Tobique. During the latter part of that month and in Sept. there is good fishing, also in June and July, when the blackfly is not so troublesome. The trip can be made up the Tobique and down the Nepisiquit to Bathurst in about 16 days and good fishing can be had during the passage. There are also several lakes that can be reached by canoe in 8 to 10 days which give excellent fishing. Salmon can be caught in the above waters, but trout are most numerous and very abundant. June and September are the best months; hotels at Andover $1.50 to $2 p. d.; guides, including boat $1.75 p. d., and board. Address J. A. Perley Esq., Andover, Victoria Co., N. B., for information. Address the Gen. Pass Agent of the road, as to public waters for salmon and trout.

Barnaby River (Intercolonial)—S. W. branch of Miramichi r. 4 m.; salmon and trout; salmon most numerous; artificial flies; July and August best months; boats can be had.

Bathurst (Intercolonial)—Nepisiquit or Big r. 3 m.; Tete-a-gouche r. 2½ m.; Middle r. 2 m.; first named best; salmon and trout; salmon most numerous; artificial flies used; June 15 to September 15 best; hotels $1 p. d.; guides plenty, $1.25 p. d.; canoes with men easily procured. The fishing is said to be good in Big r. for salmon from the mouth to Grand Falls 21 m. A number of good trout streams are in this section.

Belledune (Intercolonial)—Bay Chaleur and Belledune r. accessible; first named best; salmon, trout, codfish, mackerel and herring; the two last most numerous; clams, herring etc. as baits; September best; no regular hotel, but board can be obtained very cheap; guide with boat $2.50 p. d. The trout are scarce, and the salmon are caught only in nets. The mackerel take the hook and give fine play.

Campbellton (Intercolonial)—Trout as large as 6½ lbs. have been caught with bait in the Restigouche r. at this point. They are also taken with the artificial fly. Parker l. from 3 to 7 m., distant, abound in speckled trout of large size, and the same is likewise true of Mission L, some 4 m. distant from Campbellton. The section around this point is full of fine fishing waters. In the Restigouche here salmon may also be caught at times, and some of the pools are subject to day lease. Indian guides $2.50 p. d., including board, or $3 p. d. and board themselves. Hotels $1.25 to $1.50 p. d., from which a day's good fishing can be had on the waters adjacent.

Canaan (Intercolonial)—Canaan r. 1 m.; trout; worms usual bait; June and July best.

Charlo (Intercolonial)—River Charlo, North and South branches; accessible; North branch best; sea trout, speckled trout, grilse and salmon; sea trout most numerous; worms and flies used as bait; July and August best; hotels $1 p. d.; guide at moderate charge; boats unnecessary; bait easily obtained and is more killing than the artificial fly.

Dalhousie Junc. (Intercolonial)—Robinson's l. 2 m.; Restigouche r. near station; first named best; trout, salmon, perch, smelts etc.; trout and salmon most numerous; artificial fly used mostly; June and July best; hotels $1 p. d.; guide $1.25 p. d.; boats and bait at small cost. The fishing is good and accommodations ample.

Frederickton, (New B.)—This is a centre point for anglers visiting New Brunswick. The r. r. runs as far as Edmundston 156 m. above Frederickton. Outfits,
guides etc., can be had at Grand Falls, 120 m. from Frederickton, and good hotels will be found there, and at Edmundston also, where the Madawaska r. joins the St. Johns r. The Toledi r. empties into a lake near by, and the r. can be navigated by canoes for 50 m. It has several branches and many lakes where a fly has never been cast. 8 m. below Edmundston is the Green r., having numerous 1 and branches emptying into the St. Johns. The above waters teem with trout of good size, and in the l. may be found lake trout. From the last of June until Aug. is the best season. The St. Francis, 30 m. above Edmundston, is a branch of the St. Johns, and gives for 50 m. or more, noble trout fishing. The above section is probably the best troutning ground in Eastern America.

Hampton (Intercolonial)—Henry I. accessible; trout; worms and flies as bait; September and October best; hotel accommodations not extensive.

Henry's Lake (St. M. & U.)—See St. Martin's N. B.

Jacquet River (Intercolonial)—Jacquet r. 1 m.; Belledune r. 4 m.; Armstrong br. ½ m.; first named best; brook and sea trout and salmon; sea trout most numerous; ordinary flies for trout and salmon used; June, July and August best; hotels $4 to $5 p. w.; guides $3 p. d., with canoe; mackerel fishing with hook and line in deep water about 2 m. from shore, is much indulged in, and for which speckled herring chopped fine is used as bait. The trout of the fresh waters are of small size but are numerous. Those in Jacquet r. run large; 4 and 5 lbs. fish having been caught there.

New Mills (Intercolonial)—New Mills r. ¾ m.; Benajmine r. 1 m.; last named best; salmon and trout, last most numerous; flies and worms as bait; June and July best; hotels at moderate charge; guides $1 p. d.; boats and bait reasonable.

Painsec Junc (Intercolonial)—Painsec I. 1 m.; trout; worms and flies as bait; June and July best; hotel at reasonable rate. The I. is small, but trout from 1 to 2 lbs. are taken from it. No public boats.

Petitcodiac (Intercolonial)—Posett r. 4 m.; Little r. 8 m.; North r. 2 m.; New Canaan r. 12 m.; Anagance Mill p. and str. ½ m.; Elgin Is. 15 m.; first named best; trout only; usual lures; June best; hotels $1 p. d.; guides at moderate charges; boats not needed. This is a good trout section, the fish do not run large but they are abundant.

Petite Roche (Intercolonial)—Elm Tree r. 2 m.; Negadoo r. 3 m.; Mill str. 6 m.; two last named best; trout only; worms and fly in use; July and August best; hotel $1 p. d.; guides and boats not needed.

DELAWARE.

Lewes (Penna.)—Delaware Bay 1½ m.; Atlantic Ocean 2 m.; Rehoboth Bay 1 m.; first named best; blue fish, striped bass, weakfish and numerous varieties of salt water fishes; meat, crabs, clams and fish used as baits; season is from May to November; hotels at reasonable prices; boats plenty at low prices. At the Delaware Breakwater many varieties of salt water fish are caught. Sheepshead at times bite freely at small sand clam bait.

Milburn (Penna.)—Main br. of Indian r. (near by) is celebrated for its rockfish (striped bass) fishing; the fish are exceptionally large and plentiful. All the usual varieties of salt water fish take the bait here. Hotels about $1.50 p. d. Boats and boatmen at usual charges.

Rehoboth (Penna.)—In Rehoboth Bay 1 m., all varieties of northern salt water fish are taken with hook and line in large quantities. Bigelow Island, White Oak Point and Cedar Island Channel are noted grounds for striped bass. Sheepshead are fairly abundant at Bottom Hill Drain's in June, July and Aug. See Lewes, Del.

Selbyville (Old Dominion line from New York.)—Synepuxent Bay and Assawoman Bay both near by; rockfish (striped bass) and perch; latter most numerous; shrimp bait; hotels $1.50 p. d.; guides can be had; boats and baits reasonable.

DISTRICT OF COLUMBIA.

Washington, D. C. (B. & O.—B. & Pot.—Vir. M.)—The Potomac r. is the main ground for Washington anglers; b. b. (both kinds), striped bass (salt water) and white and yellow perch are taken. The principal fishing near by grounds on the Potomac lie between the city and "Point of Rocks." The first 14 m. give good grounds which can be reached by a good road. The streams emptying into the Potomac below the city afford good perch and striped bass fishing and can be reached by steamboat daily. At all these points good accommodations can be had, with boatmen, boats and baits at moderate charges.

FLORIDA.

Braidenton (S. Fla. to Tampa, thence by str.)—Manatee bay and Sarasota bay; last named best; angel fish, red and black grouper, bluefish, spanish mackerel, pompano, sheepshead, trout, redfish, (channel bass) snappers, drum and sailor's choice; ordinary baits; January to May best time; hotels $2 to $2.50 p. d., $12 p. w.; boats and bait $5 p. d.

Gulf of Mexico From New Orleans, La., to Key West, Fla., good fishing can be had almost anywhere, more particularly along the coast of Florida. Charter a boat at N. O., Pensacola, Cedar Keys, Tampa, Manatee or Key West; cost about $6 p. d. with Captain; stores and cook at your own expense. This is the most economical method of doing Florida, when the tourist is an angling one. The skipper can place you on grand fishing grounds at intervals of a few miles. See American Angler, vol. IV, page 391.

Indian River (via St. Johns r. str. to Rock Ledge, thence by str.)—The fishing here is equal or better to that of Gulf Coast. Every variety of southern fish come into the r. and are caught in immense numbers. In Lake Worth, a few miles south, excellent fishing can be had. Fair accommodations along the r., but it is best to charter a sailboat at Sand Point or Rock Ledge. There is probably a steamboat now running on the r. as one was contemplated last year (1884). See The American Angler, vol. IV, page 391.

Jacksonville (S. Fla. & W.)—The favorite grounds are: the mouth of St. Johns r., the Jetties and Pablo, Sisters and Haulover cr. and Fort George inlet, the three latter 2 to 3 m. from Mayport, at the mouth of the St. Johns r. The best point is at the Jetties; sea trout, sheepshead, channel bass, drum, blackfish, striped bass, (rockfish) cravelis, kingfish (whiting) and other varieties. The channel bass, sea bass and sheepshead are most plentiful, and shrimp, fiddlers and minnows are used as bait. Fishing is good all the year round. Hotels $2 p. d.; guides including boats and baits at $2 to $2.50 p. d. The large channel bass (10 to 60 lbs.) commence biting in May, and continue to November. See The American Angler, vol. VII, page 90.

Key West (S. Fla. to Tampa, thence by str.)—Waters all around this and neighboring islands, abound in fish of all kinds; red and gray snappers, groupers, sheepshead, bluefish, spanish mackerel and others; baits, crawfish, sardines, etc.; good all the year in these waters; hotel $3 p. d., less by week; boats easily procured.

Kissimmee (S. Fla.)—Tohopekaliga l. is adjacent, in which b. b. (l. m.) are abundant, and of large size. They take the fly freely. Trolling with the art. spoon in the canal and in the r. below the l. is excellent, b. b. of 16 lbs., having been taken by this method. Other l.'s within easy reaching distance, afford most excellent fishing.

Lake Weir (F. R. & Nav.)—Summers l. ½ m.; Lake Weir 3 m.; last named best; b. b. and bream; b. b. most numerous; minnows, worms and flies, baits used; good any months but July and August; hotels $2 to $3 p. d.; boats and baits cheap.

Lloyds (F. R. & Nav.)—Miccosukee l. 5 m.; Baileys cr. 3½ m.; Miccosukee l. best bream, b. b. etc; bream most numerous; worms as bait; good all summer; hotel $2 p. d.; boats 25c. p. d.

Lochloosa (F. R. & Nav.)—Lochloosa l. at station; bream, trout, (b. b.) speckled perch, (strawberry bass) etc.; speckled perch and bream most numerous; cut bait and worms used mostly; Orange l. 7 m. distant gives good quail and duck shooting as well as fishing in season.

Mt. Pleasant (F. R. & Nav.)—Flint r. 12 m.; bream, b. b., speckled perch (strawberry bass) and others; bream, perch and b. b. most numerous; earth worms and Catawba worms (?) used for bait; July, August and September best; boats can be had at little or no cost. Private board, no regular guides.

New Smyrna (J. St. A. & H. R.)—Hillsborough r. and Halifax r. both accessible; first named best; channel bass, sea trout, snapper, grouper sheepshead etc.; sheepshead most numerous; baits used are crabs, small mullet etc.; usual seasons; hotel
$4 p. d.; guides can be procured; boats with man $2 to $5 p. d.; Pacetti's 3 m. from New Smyrna is an excellent point for fishing etc. accommodations can be had there on moderate terms. Address P. C. Pacetti, New Smyrna, Fla. See THE AMERICAN ANGLER vol. IV. p. 391.

Ocala (F. R. & Nav.)—Lochloosa 18 m.; Orange 16 m.; Silver Spring 6 m.;
first named best; trout, (b. b.) and bream; baits used are small fish, worms and flies; hotels $2.50 to $3 p. d.; boats can be had.

Orange City (St. Johns r. steamer from Jacksonville)—St. Johns r. and many lakes on line of r. r., all full of fish; b. b. principally with fly; February and March best; hotels $1.50 to $2 p. d.; boats at nominal charge.

Oxford (F. R. & Nav.)—Lake Michigan Jr. 1 m.; b. b. and bream; first named most abundant; metal spoons and live bait used; February, March, Sept. and Oct. best months; hotel $2 p. d.; boats can be had gratis or at merely nominal charge. Excellent fishing and duck shooting in season.

Pensacola (L. & N.)—Little bayou 1 m.; Grand bayou 4 m.; Grand lagoon 8 m.; Escambia r. 9 m.; Snapper banks in the Gulf of Mexico 12 m.; numerous other bayous where fresh water fish abound; all excellent; snapper, grouper, sheepshead, “trout,” (b. b.), sea trout, pompano, mullet, redfish and many others; baits generally used are small fish, fiddlers, oysters etc.; spring months best; hotels $2 to $4 p. d.; guides plentiful at moderate charges; boats and bait reasonable. Good fishing. Flood tide best. Hunting and shooting good.

Pinellas (S. Fla. to Tampa thence by team)—Tampa Bay at a point 22 m. from Tampa and Boca Ciega Bay 27 m. from Tampa; these waters abound with sea trout, redfish; (channel bass,) jack and many other varieties; baits sardines, crabs, fish, flesh etc.; spring best time; hotels $5 to $6 p. w.; guides $1 to $2 p. d., and with boats $2 to $3.50 p. d.

Punta Rassa (Via str. from Tampa.)—This is doubtless one of the best fishing grounds on the Gulf coast of Florida. Large channel bass and every other variety of southern salt water fish, including the tarpum; the latter fish has recently been caught on rod and reel, by Mr. W. H. Wood, of New York City, who used an ordinary striped bass rod, 1,200 feet of 21 thread Cutty hunk line and mullet bait. Mr. Wood’s heaviest fish weighed 111 pounds. A favorable ground near by is Little Gasparilla Pass, but at all the passes excellent fishing may be had. Accommodation can be secured at the residence of the telegraph operator or at Jacob Summerlin’s house. The sheepshead are abundant, and immense jewfish and sharks are to be had for the trying. Large art. spoons secure the largest channel bass by trolling. See THE AMERICAN ANGLER, vol. IV. p. 391.

**New York City.** The local fishing grounds are many in number and fruitful of fish. Boats can be had at all of them and usually baits, the latter however had better be provided before starting out. The charge for boats ranges from 50c to $1 p. d. and sufficient bait for a day fishing can be had for 50c, excluding however, shad crabs which vary in price with the supply. Baits of all kinds can generally be obtained in Washington, Fulton or Catherine St. markets. Shrimp, shad crabs, blood worms, sand worms and clams are the usual baits. Mummichogs or "kil- lies," a hardy salt water minnow, are used at times, and very successfully in "snap-
per" (young bluefish) fishing; spearing are also much used. The fish caught in the salt or brackish water are as follows: bluefish, weakfish, kingfish, sheepshead, flounders, blackfish, sea bass, striped bass, spots or Lafayettes, tomcods, flukes, bergalls or cutters, porgies etc.; the first named are caught by trolling with the squid off shore, or chumming with menhaden bait. Large boats, including the captain, are hired for this purpose at about $10 p. d.; they can be secured (several days notice should be given), at Jamaica Bay, Carnarvon, Rockaway, Fort Hamilton, Broad Channel and at Gravesend Bay. The other fish named are caught in nearly all the bays and estuaries of Long Island and New Jersey, and in the lower bay and up the Hudson and East rivers, and in Long Island Sound. The tomcods and flounders are most numerous in the early spring and fall, and the weakfish during the summer months. The sheepshead are not abundant, but very large ones are caught at times on the mussel beds on the old wrecks in the bays. We name some of the salt water grounds and how to reach them: off Bedloe's Island and Robin's Reef in the bay, by boat from Whitehall; weakfish and blackfish mostly; Weehawken docks (Weehawken), Hudson r., tomcods and small striped bass; Fort Lee docks at Fort Lee, occasionally weakfish etc., but mostly eels and catfish; Pelham Bridge at Harlem, blackfish of good size, flounders in spring and fall months; from 100 to 125th St. on the Hudson r., striped bass (occasionally a large one, but they usually run from ½ to 1 lb.), tomcods, flounders, with now and then a straggling weakfish; along the piers good fishing is had at times, both in the Hudson and East rivers, for striped bass and tomcods; Wall St. Ferry and 55th St. Docks in Brooklyn and Pier 1 in the East r. on the N. Y. side are most frequented. For the fishing in Harlem r. see FORBES, HIGH BRIDGE, KINGS BRIDGE AND MORRIS DOCK. All of these are described under their alphabetical classification in the state of New York. For the fishing from points on Staten Island New York, see: ALLENDALE, GIFFORDS, RICHMOND VALLEY and ROSSVILLE. For the fishing grounds (salt and fresh water), of Long Island, within 5 to 50 m. of New York City, see: BAYLON, BALDWIN, Bayport, BAY RIDGE, BRESLAW, BROOK, CUTCHogue, FAR ROCKAWAY, FREEPORT, GLENHEAD, GREAT NECK, HAMMELS, HUNTINGDON, ISLIP, LITTLE NECK, LOCUST VALLEY, LONG BEACH, MATTITUCK, MERRICKS, OAKDALE, RICHMOND HILL, ROCKVILLE CENTRE, SEASIDE and VAN SICKLENS. All of these will be found alphabetically arranged under the heading of "New York." For salt or brackish water fishing in the state of New York up the Hudson r. within 10 to 60 m. of New York City, see: CROTONE, CORNWALL, FORT MONTGOMERY, IRVINGTON, NEW HAMBURG, NEWBURGH, PIERPONT, PLANET SING and Tarrytown Heights. For salt water fishing, from points in the state of New Jersey located within 5 to 30 m. of New York City, see: BAYONNE, CARTERET, COMMUNIPAW, ELIZABETHPORT, GREENVILLE, HACKEN SACK LAFAYETTE, MONMOUTH BEACH, NEWARK, NORTH LONG BRANCH, SEWARK, SHARK ROCK, TREMLEY and WEST BERGEN. In addition to the above named salt water grounds, we add the following, which are doubtless the most popular among our local fishermen: Sandy Hook inside, about 300 yards off the lighthouse—large weakfish run here in 6 to 7 feet water; reached by N. J. Southern r. r., steamer from Pier 8; boats can sometimes be had at the Government docks. Sheepshead Bay reached via the Coney Island r. r.; boats can always be had; fish Rich's Point, Hog Channel, the Walkill, the Red Horse, the Cellar etc. Fort Hamilton is a favorite centre from which to reach the best grounds of the lower bay, viz: the Monument, the "Crib", off Staten Island bluffs, the mussel shoals off Quarantine and other places; boats can always be had at Fort Hamilton. On Coney Island good fishing is bad; alongside the iron piers (fishing not allowed from them), blackfish are often plentiful; at the "rocks" abreast of the Manhattan Hotel, sheepshead, striped bass and large blackfish are sometimes caught freely; in Coney Island cr. at Humphry's Pier, weakfish, flounders etc.; at the mouth of Nigger cr. where it empties into Coney Island cr., there is at times excellent striped bass fishing; at North Point, west end of Coney Island, fishing from the old pier is often excellent. In Gravesend Bay, reached via Van Sicklen's on Coney Island r. r. there is often excellent fishing for striped bass, weakfish, flounders etc. From Carnarvon, the fishing grounds of Jamaica Bay are easily reached; good snapper fishing off the wharves of Barren Island, and excellent sport can be had at Block House wreck and other grounds in the bay; boats and baits are plentiful at Carnarvon. Off Sandy Hook light and at the lightship there is at certain seasons most excellent chumming for bluefish; hire your craft at Bay Ridge or Fort Hamilton. At the wreck of the Black Warrior, reached from Sheepshead Bay, Carnarvon and other points, there is grand fishing for striped bass, sheepshead and blackfish, the fish all running large. Fishing in Long Island Sound near New York is not so good as in former years; at the mouth of the Harlem r. some good striped bass are sometimes caught, also at Wards Island, the Three Brothers and at Hell Gate. For fishing in Long Island Sound see: FLUSHING, MAMARONECK, COLLEGE POINT, CORUNNA and SEATUCKET. For fresh water fishing within 10 to 50 m. of New York City see the following points of which full details are given under the heading of "New Jersey"; BOUND BROOK, GARFIELD, GREAT MEADOWS, LAKESHORE, LYNDHURST, MIDVALE,
Niagara Falls (Several r. r.)—The fishing waters in this vicinity are: Cayuga, Burntship and Chippewa cr. and Niagara r.; in the cr. rock bass, yellow perch, pike and occasionally b. b.; in Niagara r. above the Falls the b. b. are plentiful, gany and of good size with now and then a mascalonge and a pike; crayfish and minnows are used with the usual artificial baits for trolling. Below the Falls eels and catfish are caught and infrequently b. b. At the big rock near the “Cave of the Winds” very large catfish are caught. See The American Angler, Vol. III., pp. 250. Hotels from $2 to $4 p. d.; guides $2 p. d.; boats and baits reasonable. The favorite grounds for local anglers are: Navy Island bar, Buckhorn Island bar, Thompkin’s bar, Jones’ bar, the Senken Islands, and others. Good fly fishing can be had in June on the American side from Port Day to Gill cr., and around all the islands in the vicinity.

Parkers (Or. & C.)—The report from this station comes in the following garb: “The best way to catch trout is on a string, and the best bait is silver or greenbacks. The best way to hunt salmon is in the spring of the year when they go up on the hills to browse on fir buds, to take a good breech loading shot gun and shoot them on the wing. I do not know much about catching chubs, but the best way to bait for suckers is to use a bottle of chain lighting. It will get them every time. Our local anglers have gone to Washington, D. C. The tallest ones are trying to get into Cleveland’s cabinet, and the common sized ones will get into anything they can. Their favorite grounds are around the Treasury building, as long as it lasts. In conclusion I will say that there is no good fishing around here.

Pendleton (O. R. & N. C.)—McKay cr. 2 m.; Birch cr. 4 m.; Umatilla r. ¾ m.; last best; mountain trout and whitefish; trout most abundant; fly and salmon fly baits; June to October inclusive best; hotel $2 p. d.; guide $5 p. d. See THE AMERICAN ANGLER, vol. VII, page 91. The Schuylkill r. at this point at times gives fair b. b. fishing.

Oakland (D. L. & W.)—Fish head waters of East branch of Broadhead's cr., making Canadensis headquarters. Good trout fishing; streams waded, no guides needed. Moderate charges.
Ohio Flye (B. & O.)—Youghiogheny r.; b. b. and salmon (pike-perch); b. b. most numerous; live minnows, helgramites, red worm, etc., as baits; June, July and August best; hotels $2 p. d.; guides and boats not much needed; bait can be had; minnows 15c to 25c p. doz. The b. b. fishing is excellent here.

Palmyra (P. & R.)—Swatara r. 2½ m.; b. b., pike, German carp, etc.; b. b. most numerous; grasshopper and minnow baits; July and August best; hotels $1.50 p. d.

Parkers Glen (N. Y. L. E. & W.)—Carrs Rock br. near station; Delaware r. near station; last named best; b. b., trout and pickerel; the first named being most numerous; clippers (helgramites), toads and "lamper" eels used as bait; Sept. and Oct. best for bass; May and June for trout. Carrs Rock br. is an excellent trout stream.

Parrvllle (Leh. V. See page VI)—Pohono Poco or Big cr. and Lehigh v.; both contain coarse fish, of which the sunfish and suckers are most numerous. Such is the substance of the report sent us, but from the number of anglers residing in Parrvllle, we looked for better waters adjacent to that town. Pine Run and Wild cr., however, which contain trout are from 5 to 7 m. distant, and we presume are visited by the local anglers.

Penn Haven Junction (Leh. V. See page VI)—Stoney cr. 2 m.; Drakes cr. 4 m.; Bear cr. 2 m; the first best; trout in fair numbers early in season; arrangements for guides (if needed) can be made on Stoney cr.; boats and baits not needed —use art. flies.

Penobscot (P. & R.)—Crystal 1.2 m.; Wapwallopen cr. near station; trout in stream, and catfish principally in 1.; worm bait; June, July, August and September best; hotels $1.50 to $3 p. d.; boats 50c p. d. The creek is hard to fish owing to the overgrowth, but abounds in trout.

Perkiomen Junction (P. & R.)—Schuykill r. near station; Perkiomen cr. ½ m.; about equal; bass, catfish, sunfish etc.; bass and sunfish most numerous; crab, minnow, helgramite and worm baits; August and September best; no hotel; boats $1 p. d. About a mile above this station some b. b. fishing can be had at an old dam on the north side of Pickerings Island.

Peter Creek (B. & O.)—Peach Bottom in the Susquehanna r. near by is noted as a s. m. b. b. ground. Hotels $1 p. d.; boatmen and boats $1.50 p. d. See The American Angler, Vol. IV, pp. 73.

Philadelphia (Via 14 r. r.)—The Delaware River above and below the city gives fair white perch fishing; the fish are small. Down the r. as far as Salem these fish are caught weighing a lb. and upward. For salt water fish local anglers resort to Atlantic City, Great Egg Harbor, Cape May, the Delaware Breakwater and other points on the sea coast. For fresh water sport, the Schuykill, Delaware and Brandywine afford fair b. b. fishing, within 30 m. of the city; the two first named waters a few years ago yielded excellent creels of b. b. with a fly; we hear, however, that the fishing is falling off and that local anglers are going further away from home. Several trout streams lie within 25 m., but they are fished out early in the season. Would advise visiting anglers to consult with the fishing tackle dealers as to fishing grounds. This rule holds good for all large cities.

Pinkerton (B. & O.)—Casselman r.; b. b. and coarse varieties, bass predominating; minnow, grasshopper and worm baits; June and July best.

Pittsburg (11 r. r.)—There are a number of trout str. located on the Pitts & Conn. r. r. that are visited by the local anglers. These str. empty into the Youghiogheny, Casselman and Potomac r. and afford fair trout fishing, the latter yielding b. b.; good accommodations can be had at the farm houses in the adjacent mountains, especially at Meyersdale and Somerset, Pa.

Pittsfiele (D. A. V. & F.)—Brokenstraw cr.; Andrews r.; last best; brook trout; flies and worms as baits; June and July best; hotel $1.50 p. d.

Pittston (D. L. & W.)—Lake Carey 25 m.; Susquehanna r. near station; first best; pickerel and b. b. principally; crabs (crayfish), "clippers" (helgramites) and minnows as baits; August, September and October best; hotels $1.50 to $2 p. d.; boats plenty at 50c p. d.

Plymouth (D. L. & W.)—Susquehanna r. near station; best fishing ground about 1 m. down the r.; b. b., perch, pickerel etc.; bass and perch most abundant; minnows, helgramites, crabs (crayfish) and worms as baits; August, September and October best; hotels $2 p. d.; boats and bait can be procured.
Pocono (D. L. & W.)—Tunkhanna Stillwaters 1 m.; West branch of Broadhead's cr. 1/2 m.; both very good; brook trout; art. fly and live bait used; April, May and June best; hotel $1.25 p. d. Good fishing.

Pond Eddy (N.Y. L. E. & W.)—Delaware r. 1/2 m.; Pond Eddy cr. 1/2 m., Carpenter's br. 5 m.; Brick p. 5 m.; Haggon p. 5 m.; Delaware r. and Haggon p. best; b. b., pickerel and trout; the last in the brooks and creeks; usual baits; May and June best for trout and September and October for bass; hotels $2 p. d.; boats $1 p. d. There are a number of ponds opposite Pond Eddy on the N. Y. side of the Delaware r. which abound in fish.

Port Alleghany (B. N. Y. & P.)—Upper Alleghany r. and numerous creeks; trout; fly and worm bait; May and June best; hotels $1.50 p. d.

Port Carbon (P. & R.)—Schuykill r. near station; Tumbling r. 1 1/2 m.; Tumbling r. and dams best; trout, pike, b. b., sunfish etc.; trout and b. b. most abundant; usual baits; we have no report as to accommodations.

Port Kennedy (P. & R.)—Schuylkill r. 1/2 m.; b. b., catfish and sunfish; bass and catfish most abundant; worms, crabs (crayfish), minnows, tadpoles, helgramites etc. as baits; June, July, August, September and October best; hotels $1 to $1.35 p. d.; boats 50c p. d.

Portland (D. L. & W.)—Delaware r. near station; b. b., perch, sunfish etc.; b. b. most numerous; usual baits and seasons; hotels at moderate charges; boats and bait cheap.

Port Perry (P. & L. E.)—Monongahela r. near station; b. b., perch, catfish etc.; bass and catfish are most numerous; minnow bait; June, July and August best; hotel 25c p. meal; guide 25c p. h.; boats with bait 25c p. h. Our correspondent writes that Port Perry has "always been known as a first-class fishing place."

Potter Brook (C. C. & A.)—Cowanesque r. 30 rods; Potter bro. 60 rods; Metcalfe br. 80 rods; a few trout in the brooks and pickerel in the river; May and June for trout; white grub and worm bait; hotels $3 p. w.; guides and boats not needed.

Pottstown (P. & R.)—Schuylkill r.; bass, catfish, sunfish etc.; bass most numerous; worms as bait; September best; hotels at reasonable prices; boats can be procured at 50c p. d. See THE AMERICAN ANGLER, vol. III, pp. 376.

Punxsutawney (R. & P. See page VI)—Mahoning r. 5 m.; Little Mahoning r. 10 m.; first best; bass and coarse varieties, bass predominating; worm and fly baits; May to September best; hotels $2 p. d.; boats not needed. There are also some trout in Little Sandy cr. 7 m. distant.

Rankin (P. & L. E.)—Monongahela r.; b. b., catfish etc.; bass most abundant; minnow bait; May and September best; hotels $1.50 p. d.; boats 25c p. h.

Rasselas (R. & P. See page VI and N. Y. L. E. & W.)—Straight cr. 3 m.; Rocky run str. 2 m.; some other small waters; Straight cr. best; trout the principal fish; May, June, July and August best; fish eyes and other baits used; hotels $1 p. d.; guides reasonable; no boats wanted; bait can be had free or at nominal cost. Straight cr. is reported as a very good stream for trout.

Reynoldsdale (All. V.)—Sandy Lick and Soldier run near station; Trout run 4 m.; first best; brook trout, b. b., sunfish etc.; trout most numerous; flies and worms used; May and June best; hotels $2 p. d.; guides $2.50 p. d.; boats not needed; bait plentiful.

Riddlesburg (H. & B. T. M.)—Raystown branch of Juniata r. near station; b. b. and varieties of coarse fish; bass plentiful; September and October best; baits—minnows, toads, frogs, crabs and flies; hotels $1.50 p. d.; boats and bait reasonable. Good fishing for b. b., especially at a ledge of rocks 1 to 2 m. down the river.

Royer's Ford (P. & R.)—Schuylkill r. near station; b. b. mainly; July, August and September best; hotel $2.50 p. d.; no guides needed. There is a stretch of water about 2 m. extending from Royer's Ford to Yankee Dam at Limerick, which can be waded affording beautiful fly casting. The b. b. here take (or did 3 years ago) the art. fly freely, and excellent scores can be made; the fishing however is not so good as it was.

Rummertfield (Leh. V. See page VI)—Susquehanna r. for one mile above and below station gives good b. b. fishing; Billing's p. 2 1/2 m., also contains the same fish; ordinary baits including helgramites ("clippers" locally), and small catfish; hotels, guides, boats and baits at a fair price.
Saegertown (N. Y. P. & O. See page XII)—French cr. near station; b. b., pike, salmon (pike-perch), etc.; bass and salmon most numerous; minnow bait; May, June, September and October best; hotels at reasonable rates.

Safe Harbor (Penna. r.)—Susquehanna r. and Conestoga r. at station; first best with live bait and the latter with the fly; b. b., striped bass, wall-eyed pike etc.; b. b. most numerous; minnow, crayfish, dobson and fly baits; June to November inclusive best; hotels at reasonable prices; guides $2 p. d.; bait $1 p. 100. An excellent fishing point. See The American Angler, vol. III, pp. 344.

Salisbury (B. & O.)—Pinney run, Elk Lick cr. and head of Casselman r.; trout and b. b.; usual baits; a number of good fishing streams near the above station run into the Youghiogheny, Casselman and Potomac; Salisbury is about two hours ride from Cumberland, Md., where the Potomac furnishes black bass fishing. Hotel accommodations, guides, boats and baits reasonable.

Saw Mill Run (P. & L. E.)—Ohio r. near station; perch, b. b., salmon (pike-perch), catfish and coarse varieties, the latter abounding; worms, minnows, crickets, etc. as baits; April, May and June best; boats 25c p. h.; baits can be procured.

Sayre (Leb. V. See page VI.)—Susquehanna r. 80 rods; Chemung r. 1 1/2 m.; b. b., with usual baits; hotels $2 p. d.; boats and baits cheap. See Wyalusing, Pa.

Schwenksville (Perkiomen.)—Perkiomen cr. near station; b. b., sunfish, catfish, etc.; worms, flies and live bait; June, July and September best; hotel $1 p. d.; boats can be obtained. Good fishing for b. b.

Sharpsville (N. Y. P. & O. See page XII.)—Shenango r. and Erie Canal near station; first best; b. b. and coarse varieties; bass most plentiful; worm and minnow baits; May and October best months; hotels $2 p. d.

Shawmont (P. & R.)—Schuylkill r. and Wissahickon cr.; b. b. principally; minnows, helgramites, crayfish and art. flies as baits; June and early part of July best; boats 50c p. d. See Lafayette, Pa.

Shickshinny (D. L. & W.)—Susquehanna r. near station; Beach's p. 4 m.; first best; b. b., salmon (pike-perch), catfish, etc.; b. b. most numerous; crabs, (crayfish), devils (helgramites), worms, grasshoppers, etc. as baits; September, October and November best; hotel $2 p. d.; boats and bait can be had reasonable. Beach's p. is noted for its beautiful lilies, to gather which people come from many miles.

Shohola (N. Y. L. E. & W.)—Highland 1 8 m.; Sand 1 6 m.; Montgomery p. 5 m.; Big brink, Little brink and Walker's 6 m.; Delaware r. adjacent; all good; b. b., pickerel, perch, etc.; bass most numerous; baits, helgramites, crayfish, minnows and worms; April 15 to Oct. 15 best; hotels $1.50 to $2 p. d., $7 to $10 p. w.; guides $1.50 to $2 p. d.; boats and baits moderate. Some trout streams in this neighborhood.

Smethport (B. N. Y. & P.)—Colegrove br. at Colegrove station 6 m.; Robbins br. 1/2 m. from Colegrove and head of Portage cr.; Robbins br. and Portage cr. best; trout principally; worms and all kinds of animal bait; July and August best; hotels $1.50 to $2.50 p. d.; guides $2 p. d. Good troutting can be had at head of Portage and Robbins streams.

Snedburg (P. & R.)—Gold Mine cr., Jeff's cr., Swatara cr. and Black Spring cr., all near station; two first best; b. b., trout, whitefish, etc.; trout most numerous; worms as bait; April and May best; hotel 75c p. d.; guide $1.25 p. d.; no boats; bait can be procured. Gold Mine and Jeff's cr's contain no fish except trout.

Snow Shoe (Several r. r.)—Little Sandy cr. 1/2 m.; Big Sandy cr. 1 1/2 m.; last best; trout; worm bait; May and June best; hotels $1.50 p. d.; guides $2 p. d.; bait easily secured. Other trout streams, viz: Black Mosquann, South Fork, Beech cr. and Wallace run, give good trout fishing, especially in May and June.

Snow Shoe Summit (Penna. r.)—Mosshannon P. O.; Susquehanna r. 9 m.; Black (1/2 m.) and Big (4 1/2 m.); Mosshannon cr., Rock run 3 m., Benners run 5 m., Wallaces run 6 m. Best waters are the Susquehanna r. and the "runs" named. Trout in some of the latter, and b. b. and pickerel in the r. Baits, helgramites (dobsoms), minnows, grasshoppers and worms. Best months April 1 to Aug. 1; hotels $1 p. d.; guides, boats and baits cheap.

Spragueville (D. L. & W.)—Broadheads cr. near station, but best fishing some miles up the stream; brook trout; worm and fly baits; April 15 to May 15 best; hotels $8 p. w.; wading is the practice and the fishing is good.
Spring Mill (P. & R.)—The Schuylkill r. opposite, is at times fair water for s.m. b. b.; they take the fly and other lures greedily at times, which however are uncertain. See The American Angler, Vol. IV, pp. 90.

Starrucca (N. Y. L. E. & W.)—Starrucca cr.; Shadigee cr.; Coxtown p.; Wrighter l.; Stanton p., all in close proximity; in creeks, trout, in ponds and lakes, pickerel; trout in summer with worms and fly hooks; pickerel in summer with spoon hooks and live bait; and in winter with live bait through the ice; hotels $1.50 to $2 p. d.; guides, boats and bait can be had.

Steelton (P. & R.)—Susquehanna r. ½ m.; b. b., salmon (pike-perch), catfish, white perch etc.; b. b. most numerous; live bait used; July, August and September best; hotels 3 m. distant, at Harrisburg; boats reasonable; bait $1 to $1.50 p. d.; 100. Good fishing reported, especially at “Hawk Rock” opposite Steelton.

Stroudsburg (D. L. & W.)—Analomink cr. and branches ½ m.; Pocono cr. 1 m.; Cherry cr. 3 m.; Bushkill cr. 14 m.; Bright cr. 20 m.; Marshalls cr. 5 m.; Porters l. 20 m.; Twelve Mile 1.15 m.; headwaters of Pocono cr. and Analomink cr. best; trout, perch, pickerel, b. b., etc.; trout in streams and pickerel, b. b. and perch in lakes; angle worms and art. flies used; April, May and June best for trout, June, July and August for bass, September to January for lake fish; hotels numerous at $1 to $2.50 p. d.; boats and baits reasonable.

Sunbury (Penna. r.)—Susquehanna r. near by. Good b. b. fishing when the water is right. Susquehanna salmon (pike-perch) are caught here of good size. Fly fishing for both species is at times excellent. Boats etc. can be had reasonable.

Susquehanna (Peach Bottom.)—Susquehanna r. near station; b. b., salmon (pike-perch), catfish, sunfish etc.; b. b. and catfish are most abundant; minnow, crayfish, helgramite and worm baits; June, September and October best; hotel $1.50 p. d.; guides reasonable; boats and bait $1.50 p. d. When the r. is low (generally from Aug. to Oct.) very fine b. b. fishing can be had.

Swatara (P. & R.)—Swatara cr. 1 m.; b. b., pine, sunfish etc.; b. b. most abundant; crab (crayfish), shrimp and minnow baits; latter part of June to first of Aug. best; hotels and bait 50c to $1 p. d. Good fishing reported, especially above Union Deposit 1 m. from station, and in the dam in the cr., where the principal fish is the b. b.

Tatesville (H. & B. T. M.)—Raystown branch of Juniata r. 2 m.; b. b., catfish etc.; bass most numerous; July, August and September best; baits—frogs, grass-hoppers and small fish; no hotels but board can be obtained; guides $1.25 p. d. Boats and baits reasonable.

Thompson (N. Y. L. E. & W.)—Starrucca cr. ¼ m.; Red br. 1 m.; Wrighter l. 1 m.; Dunn l. 3 m.; Comfort l. 2 m.; Comfort l. and Dunn l. the best; trout in Starrucca cr. and Red br.; pickerel, perch and b. b. in the others; pickerel most numerous; live bait used; June and December best; hotels $1.25 p. d.; guides and baits reasonable; boats free; there are quite a number of other small lakes in this vicinity which afford very good fishing, both in summer and winter; (in winter through the ice.) From “Sugar Loaf Notch” 3 miles distant, 18 lakes are visible, all of which are well-stocked with fish.

Tidioute (B. N. Y. & P.)—Alleghany r.; pine, b. b., salmon (pike-perch), etc.; bass most numerous; minnows, trolling spoons etc. used; September and October; boats at reasonable prices; boats 50c p. d.

Tobyhanna (D. L. & W.)—Tobyhanna cr. near station; trout principally; fly, worms and minnow bait; May and June best; hotels $1.25 to $1.50 p. d., or $7 to $10 p. w.; boats and bait at low cost.

Tuckerton (P. & R.)—Maiden Creek r. 1½ m.; b. b., sunfish etc.; b. b. most numerous; worm bait mostly; August and September best; hotels at moderate charges.

Tunkhannock (Leh. V. See page VI)—The North Branch of the Susquehanna r. at this point yields fair scores of s. m. b. b., with some rock bass. The “pumpkin seeds” so called here, are the sun-perch, which average from ¼ to ½ lb. and take the art. fly readily. The pike-perch (locally “salmon”) are on the increase at this point; they will take the fly towards dusk. See The American Angler, Vol. IV, p. 89. There is fair trout fishing during the season in Bowman’s cr., easily reached.

Ursina (B. & O.)—Laurel Hill cr. near station; Casselman r. ¾ m.; last best; b
b., trout, sunfish, chub etc.; bass most numerous; worm and minnow baits; April to August best; hotels at reasonable prices; minnows 12c to 25c p. doz. Laurel r. has some small tributaries that are good trout streams.

**Utica** (N. Y. P. & O. See page XII)—French cr. adjacent; b. b., pike, yellow bass and salmon (pike-perch); b. and yellow(?) bass most numerous; helgramites, minnows etc. as baits; September best month; hotel $1 p. d.; boats and bait at reasonable rates. Good fishing reported, especially in the deep water of the cr. The report for the above point will hold good for all stations on the N. Y. P. & O. r.; from Union City to Franklin, Pa., inclusive; French cr. (known also as Venango cr.), which runs alongside the r. r. for 60 miles contains wall-eyed pike and black bass.

**Valley Forge** (P. & R.)—Schuykill r. at Valley Forge Dam; b. b. and catfish principally, b. b. being most numerous; minnow baits; June, July, August and September best; hotel $1.25 p. d.; guide 20c p. h.; boats and bait $1.25 p. d.

**Wanamie** (P. & R.)—Susquehanna r. 3 m.; Long p. 3 m.; last best; pike, catfish, perch etc.; pike most abundant; live bait, June, July, August and September best; boats 25c to 50c p. d.

**Warren** (Penna. r.)—The near by trout streams are fished out early in the season. About 18 to 20 m. south, the Bluejay, Two Sheriffs, Fool and Logan Runs give fair creels. See The American Angler, Vol. III, p. 327.

**Waterville** (C. C. & A.)—Pine cr's, Big and Little; Upper and Lower Pine Bottom Run: Big Pine cr. is the best; b. b., sunfish etc.; former in excess; ordinary baits; July and August best; hotels $1 p. d.; guides $1.50 p. d.; boats, if required, can be had, but are not used by local anglers.

**Wellsboro** (C. C. & A.)—Pine cr. 4 m.; trout; May, June and July best; no guides, boats not needed; hotels cheap.

**West Branch** (All. V.)—Alleghany r. and Kiskiminetas cr. both within a few rods of station; first named the best; b. b., pike-perch (locally “salmon”), perch and mullet; b. b., pike-perch and perch most numerous; local baits, crayfish, grubs, “crawlers” (helgramites), worms and liver; best months, May, June, September and October; hotels $1.50 to $2 p. d.; $5 p. w.; no guides; boats 50c p. d.; baits cheap. The hotels are at Freeport, 1 m. from station.

**West Chester** (Penna. r.)—Brandywine cr. 2½ m.; b. b., sunfish, chub etc.; minnow, crab, tadpole and worm baits; July, August and September best; hotels $1 to $2.50 p. d.; bait can be obtained. See The American Angler, vol. VI, pp. 41.

**West Conshohocken** (P. & R.)—Schuykill r. ½ m.; black and green (?) bass, catfish, etc.; live minnows and young lobsters (crayfish) as baits; June, July and August best; hotel $1 p. d.; boats $1 p. d. The term “green bass” is a conundrum to us, although we have fished the waters of the Schuykill for 15 years past. As the only species of the fresh water basses in the Schuykill r. is the s. m. b. b., the “green bass” is probably used simply to denote a differentiation in the color of the black bass which arises from a slight difference in habitat of the fish.

**Westfield** (C. C. & A.)—North Fork 1 m., contains trout; also the small streams emptied into the Cowansque r. near this station. The headwaters of Pine cr. where there is excellent trout fishing can be reached in a few hours with team; hotels and guides $1.50 p. d.; boats not needed.

**White Deer** (P. & R.)—Susquehanna r. ½ m.; White Deer cr. 15 m.; first best; salmon (pike-perch), b. b., pike etc.; bass most abundant; lamprey eels and small fish as baits; August and September best; hotel $1 p. d.; boats 50c p. d.

**White Haven** (Leh. V. See page VI)—Hays and Block cr. 3 m.; Wright's cr. 1 m. In all of these trout are caught with the usual baits from April 1 to August 1. We have received no report of hotels etc. but the charges are always low at interior fishing points in Pennsylvania.

**White Oak** (C. & Mt. H.)—A large dam and cr. ¼ m.; pike are most numerous and are caught mainly with live minnows from August to November; farm houses 75c p. d.; guides not needed; boats $1 p. d.

**Wilkes Barre** (Leh. V. See page VI and D. L. & W.)—Susquehanna r., Huntington cr., Bowman's cr., Harvey's l., trout in creeks, b. b., pickerel, perch, etc. in i. and r.; minnows, helgramites and worms as baits; May and June best for trout and Augueit, September and October for bass; good accommodations at reasonable
prices; boats and bait cheap. Bowman's cr. is one of the best trout streams in Pennsylvania; Harvey's L. abounds in b. b., pickerel, perch etc. There are other fair trout streams in the vicinity at which the hotel charges are about $1 p. d.

Willow Grove (D. L. & W.)—Susquehanna r. ¼ m.; b. b. principally; toads, worms, mussels etc. as baits; July and August best; boats and bait at small cost.

Wind Gap (P. & R.)—Rosscormon cr. 1 m.; Cherry Valley cr. 3 m.; McMichaels cr. 10 m.; Lake Poponomong 4 m.; trout in streams, and b. b., perch, catfish etc. in l.; worms, minnows, crabs and flies as baits; April and May best for trout, August and September for b. b. and others; hotels at reasonable rates; boats and baits reported "free."

Winterburn (All. V.)—There are trout in the following waters; Bennett's Branch ¼ m.; South Fork ¼ m.; Mountain Run ¼ m.; South Fork yields the best fishing; the white grub and flies tied with some red in them are the best lures in the early season; hotels $1.25 to $2 p. d.; boats not needed; guides $2 p. d.; May and June best months.

Wissahickon (P. & R.)—Schuykill r. and Wissahickon cr. near station; b. b. principally; minnows, helgamites, crayfish and art. flies as baits; June and early part of July best; boats 50c p. d. We learn that the Wissahickon is getting to be a fair b. b. stream.

Wyallusing (Leh. V. See page VI.)—Susquehanna r. 1 m.; b. b., rock bass, sunfish, Susquehanna salmon (pike-perch), etc.; bass most abundant; bullheads and helgamites usual baits; June, July, August and September best; hotel $1.50 p. d.; boats and bait cheap. In some years the b. b. fishing at this point has been very good.

York Haven (Penna. r.)—Connewago Falls on Susquehanna r.; b. b. principally, but some salmon (pike-perch); helgamites, minnows, "stone catfish," crayfish, etc. as baits; October when r. is low, best time; boats and bait can be obtained. When the water is low, good fishing can be had from the rocks in mid-river.

Zieglerisville (Perkiomen r.)—Perkiomen cr. and Swamp cr.; first best; b. b., sunfish and catfish; minnows, flies, etc. as baits; July, August and September best; hotel at reasonable rates. Fair b. b. fishing.

RHODE ISLAND.

Abbotts Run (N. Y. & N. E.)—Abbotts run near station; Cargills br. ¼ m.; first best; trout, pickerel and some coarse varieties; pickerel most numerous; shiners and angle worms used as baits; spring and summer best seasons; pickerel caught numerously in winter; boats and bait at merely nominal figures. Cargills br. is considered "a fair trout ground."

Block Island (via New London, Conn., by str.)—To this ground is accorded the largest striped bass ever taken on rod and reel, viz.; one of 106 lbs. killed some years ago. Those of 25 lbs. and upward are taken every season. Very fine fishing. The usual charges that prevail at watering places.

Bristol Ferry (O. C. See page XIV.)—Narragansett Bay near station; bluefish, tautog (blackfish), scup (porgy), etc.; tautog and scup most abundant; crabs, clams, fiddlers, etc. as baits; June, July, August and September best; hotel $10 p. w., or $2 p. d.; boats about $1 p. d.

Coal Mines (O. C. See page XIV.)—Narragansett Bay ¼ m.; scup (porgies), bluefish, striped bass, etc.; scup and bluefish most numerous; crabs, clams, etc. as baits; June to October best; nearest hotel at Bristol Ferry.

Coventry (N. Y. & N. E.)—Peckham p. at station; Quiddick Reservoir ¼ m.; both good; pickerel and perch; usual baits; guide $2.50 p. d.; boats at moderate cost.

Cranston (N. Y. & N. E.)—Spragues p. ¼ m.; Dyers p. ¼ m.; Bandells p. ¼ m.; Spectacle p. ¼ m.; Pocasset br. near station; all about alike; b. b., perch, etc.; worms usual baits; April, May and June best; hotels at reasonable rates. These are large and beautiful p'ds and patronized by anglers from Providence. There are other p'ds near by, and also three large reservoirs 3 m. distant which are said to have large quantities of b. b. and pickerel in them.

Greene (N. Y. & N. E.)—Great br. ¼ m.; brook trout; small fish and worm baits; May and June best.
THE ANGLER’S GUIDE BOOK.

Nayatt (Prov. W. & B.)—Narragansett Bay 1/4 m.; tautog (blackfish), bass, bluefish, flatfish, eumens etc.; tautog most numerous in season; soft shell clams, mussels, fiddlers, crabs etc. as baits; May, June, September and October best; hotel at reasonable price; boats can be obtained. Some trout are caught in adjacent brooks in the spring, and there is fairly good pickerel and perch fishing to be had.

River Point (N. Y. & N. E.)—North and South Branches of Pawtuxet r. 1/4 m.; b. b., pickerel etc.; bass most numerous; usual baits and seasons; hotels at moderate prices; boats and bait 50¢ p. d.

Tiverton (O. C. See page XIV.)—Seaconet r. near station; tautog (blackfish), scup (porgy), bass etc.; clams, fiddlers, crabs etc. as baits; May, June, September and October best; no regular hotels, but private boarding houses can be found; boats 25¢ p. h.; bait cheap.

Warren (O. C. See page XIV.)—Kickemuit r. (fresh water) 1 m.; Palmer’s or Warren r. near station; Narragansett Bay 2 m.; tautog (blackfish), scup (porgy), striped bass, also pickerel, perch, etc. in fresh water; clams, mussels, crabs and the usual fresh water baits; May 15 to October 15 best; last of ebb and first of flood tides best; hotels $1.50 p. d.; rowboat with guide $2 p. d.; sailboat do. $4 to $5 p. d. Excellent fishing in both bay and rivers.

Washington (N. Y. & N. E.)—Mishneck p. 2 m.; Flat River Reservoir 1 m.; Tio-gree p. 1 m.; first and last best; trout, pickerel and perch, the last most numerous; shiners and angle worms as baits; April to November best; boarding houses $1 p. d.; boats and baits reasonable.

SOUTH CAROLINA.

Adams Run (Chas. & S.)—Pon Pon or Edisto r. 15 m.; rockfish (?), trout, bass, shad and mullet, the two latter being most abundant; worms and cut bait used; February to September best; “neap” tides best.

Ashepoo (Chas. & S.)—Ashepoo r. near station; trout, (b. b.), perch, bass, rock (?) etc.; bream most abundant; worm bait; summer months best. We think the “rock” so called above, is the striped bass, but it is very difficult to identify a fish by the local name prevailing in the Southern States. Last of ebb and first of flood tide best.

Belloc (P. R. & A.)—Belloc p. and cr. near station; bream, trout (b. b.), jack (pike) etc.; bream most numerous; worm bait; April, May and June best; boats and bait can be had.

Branchville (South C.)—Edisto r. 2 1/2 m.; perch, trout (b. b.), jack (pike), rock (?) etc.; worms, sawyers and live bait; May, June and July best; hotels $1.50 to $2 p. d.; guides boats and bait at moderate cost.

Brunson (P. R. & A.)—Coosawhatchie Swamp 2 m.; Youmans Mill 5 m.; Cope’s Mill 10 m.; Salkehatchie Swamp 10 m.; perch, trout, (b. b.), pike, catfish etc.; worm bait mostly; June and July best; hotel $1 p. d.; bait at moderate cost. Better fishing in the Savannah r. 16 m. distant.

Campbellton (P. R. & A.)—Coosawhatchie 2½ m.; Jackson branch 4 m. and Savannah r.; Jackson branch best; bream, trout (b. b.), catfish etc.; trout and bream most numerous; earth and Catawba worms as baits; May, June, July and August best; boats and baits can be had.

Charleston (Several r. and s. s. lines)—Atlantic Ocean 10 m.; blackfish, bass, whiting, trout, porgies, sheepshead and other varieties; blackfish, whiting and trout most numerous; shrimp and prawn as baits; spring and fall best; hotels $2.50 to $4 p. d.; boats $2.50 to $5 p. d. Last of ebb and first of flood tides best.

Coosawhatchie (Chas. & S.)—Coosawhatchie r. near station.; Tullifinny cr. 3 m.; last best; in fresh water, trout (b. b.), perch, bream etc.; in salt water, mullet, shad and rockfish (striped bass); worms and live bait used; May and June best; boats can be had, but not needed much; last of ebb and first of flood tide best. The salt water mullet is said to take a worm-baited hook very freely in the above waters, especially in the months of May, June, July and August; if this is so (and there seems no doubt of it), it is the only ground known to us, where they can be caught with hook and line. The “rockfish,” so called here, is the striped bass of the north, and doubtless the same rule holds good in all Southern States. In Maryland and Virginia this nomenclature has prevailed from time immemorable.

Early Branch (P. R. & A.)—Salkehatchie r. 3 m.; Coosawhatchie r. 4 m.; first
best; rockfish (striped bass), trout (b. b.), perch, catfish, jack (pike), etc.; perch and catfish most abundant; live bait and earth worms used; May to July best; boarding house $1.25 p. d.; guide $1 p. d.; guides furnish boat and bait. Half ebb to young flood is the best stage of the tide.

Ellenton (P. R. & A.)—Upper 3 runs, Savannah r., Four Mile branch and the 1's from 1 to 3 m.; Savannah r. and the 1's best; trout, (b. b.), bream, perch, catfish, etc.; earth worms, wasp or jacket nest etc. as baits; April and October best months; hotel at reasonable prices. The striped bass (rockfish) run up the Savannah r. in quantities during July and Aug.

Florence (Several r. r.)—Black cr. 4 m.; Lowthers l. 8 m.; Lynch's r. 10 m., besides numerous mill p'des; Lowthers 1. best; trout, (b. b.), bream, redhorse, perch, etc.; bream most abundant; worm bait principally; May to September inclusive best; hotels $2 p. d.; boats and bait at small cost.

Georgetown (G. & L.)—Winyah Bay 12 m.; Waccaman r. 2 m.; Sampit r. r. Wharf, Pee Dee r. 4 m.; Santee r. 14 m.; first named best; channel bass, drum, sea trout, whiting, croaker, etc.; shrimp, crabs and clams as bait; low water slack is the best tide; May 1 to Oct. 1 best; hotels reasonable; guides plenty at $1 to $2 p. d.; boats 75c to $1 p. d.

Gourdin's (No. E. of S. C.)—Santee r. 1½ m.; “brook and spotted trout,” bream, perch, etc.; perch and bream most numerous; worms and cut bait used, and for trout live bait; May to September best. The “brook and spotted trout” so called by our correspondent we judge to be the b. b. and the strawberry bass. The best fishing at this point is in the 1's of the Santee Fee Swamps, very difficult to get at, but full of fish.

Hampton (P. R. & A.)—Salkehatchie r. 2 m.; perch, pine and trout; perch most numerous; worms and small fish as baits; April, May and June best; hotel $2 p. d.; boats not needed; bait cheap.

Hardeeville (Chas. & S.)—Salkehatchie r. 3 m.; New r. 5 m.; last best early in season, and Savannah r. later; round trout (?) rock (striped bass), jack (pike), bream, perch, “speckled trout” (sea trout), chub, red breast (?), etc.; bream and red breast most abundant; worm, grasshopper and cricket baits; summer months best; guides, boats and bait reasonable. First of flood tide best.

Jackson (P. R. & A.)—Hollow cr. 2½ m.; Savannah r. 2½ m.; Upper 3 runs 4 to 5 m.; Savannah r. best; bream, perch, catfish, etc.; Catawba worms as bait; April, May and June best; no regular hotels.

Johns Island (Chas. & S.)—Edisto r. and Kanlowle's cr.; black and striped bass, mullet, shad, whiting, etc.; shrimp, clams, spoons and patent bobs; April, May, June, September and October best; boats and bait nominal. Excellent fishing especially in the Edisto r. Last of ebb and first of flood tide best.

Kingston (No. E. of S. C.)—Black r. 1½ m.; trout (b. b.), jack (pike), red breast, (?) perch, bream, etc.; worms and live bait used; summer months best; hotel $2 p. d.; guides $1 p. d.; boats and bait plentiful and reasonable. Good fishing reported.

Millet (P. R. & A.)—Cater Hall l. 4 m.; River 2 m.; Furse's Mill 2 m.; first best; trout (b. b.), bream, jack (pike), warmouth (probably strawberry bass), etc.; trout and bream most numerous; silver fish or Catawba worms as baits; June, July, August and September best, boats and bait very cheap.

Monck's Corner (No.E. of S.C.)—Cooper r. 2 m.; trout, (b. b.), bream, mullet etc.; trout and mullet most abundant; worm bait; May, June, October and November best.

Rantowles (Chas. & S.)—Stono r. 3 m.; trout (b. b.); live mullet as bait; November and December best; flood tide best.

Salkehatchie (Chas. & S.)—Salkehatchie r. ½ m.; Combahee r. 3 m.; trout (b. b.), jack (pike), perch, red breast, (?) catfish etc.; catfish and red breast most numerous; worms, cut bait and bobs used; April, May and June best; the “bob” is a bunch of gay feathers or red flannel tied on a hook. Young flood tide best.

Scranton (No. E. of S. C.)—Lynch's r. 4 m.; Mill p. adjacent; first best; red belly trout (?), carp and bream; worm bait mostly; July to October best; no regular hotel; boats can be had 50c p. d. Good fishing reported.

Varnville (P. R. & A.)—Great Salkehatchie swamp 5 m.; Coosawatchie swamp
THE ANGLER'S GUIDE BOOK.

2 m.; both very good; jack (pike), red breast, (?) perch, club, trout, (b. b.) catfish etc.; worms, cut and live bait; June and July best for perch, and fall for pike; private boarding houses $12 to $20 p. month; boats and bait can be procured.

**White Hall** (Chas. & S.)—Coombehee r. 4 m.; Kirkles cr. 1 m.; last best; trout (b. b.), catfish, bream, jack (pike) etc.; bream most numerous; earth worms and crayfish as baits; May and June best; no hotel; guide $1.50 p. d.; boats and bait 50c p. d. Low tide best.

**Yemassee** (P. R. & A.)—Coombehee r. 4 m.; trout (b. b.), perch, bream, shad, rock etc.; earth worms, silver fish, grub worms etc. as baits; spring best for shad, summer and fall for others; hotel $2 p. d.; boats and bait can be had.

**TENNESSEE.**

**Anderson** (N. C. & St. L. See page X)—Crow cr. near station; trout (b. b.), perch etc.; minnow and worm baits; May and June best months; minnows 1c each.

**Bellevue** (N. C. & St. L.)—Big Harpeth 1 m., South Harpeth 6 m.; the former best; l. m. b. perch, catfish etc.; bass and catfish most numerous; worms and minnows as baits; April, May and June. No hotels or guides, the latter not needed.

**Boyle (Q. & C.)**—Chickamauga cr. 1 m.; b. b., “jack-salmon,” perch etc.; b. b. and perch most numerous; live minnows as bait; April, May and June best months; minnows $1 p. 100. The “jack-salmon” is either the pike-perch or the pike. Confusion worse confounded attends the attempt to understand the local names of fish in certain sections of Tennessee; however, if our efforts are successful the edition of the Guide Book for 1886 will make plain the present tangle in the local nomenclature of fish, not only in Tennessee but in many other sections of the country.

**Centerville** (N. C. & St. L. See page X)—Duck r. at station; Swan cr. 4 m.; Pine r. 8 m.; Pine r. best; trout (b. b.), perch and jack (pike-perch); bass most numerous; April, May, June, September and October best; baits—minnows etc.; hotels $2 p. d.; boats and bait reasonable. Excellent fishing reported.

**Coulterville** (Q. & C.)—Sale cr. near station; Rock cr. 1½ m.; Tennessee r. 5 m.; first best; trout, (probably b. b.) and perch; perch most numerous; minnow and worm baits; April, May and June best; hotel $1 p. d.; minnows 10c p. doz.; boats can generally be borrowed.

Hampton (E. T. & W. N. C.)—Tiger cr. 4 m.; trout principally; flies and wood grubs as baits; May, June, July and August best; hotels at $1 to $2 p. d.; boats and bait at trifling cost; The waters are mostly shallow and anglers generally wade.

Helenswood (Q. & C.)—New r. 2 to 5 m.; bass (b. b.), salmon (pike-perch), etc.; minnows, flies etc. as baits; April, May and June best; hotels $1 p. w.; guides $1.50 p. d.; boats and bait cheap.

Huntingdon (N. C. & St. L. See page X)—Beaver cr. 1/2 m.; Crooked cr. 4 m.; first best; trout, (?) perch, “jack or pike” and catfish; perch most numerous; minnow, crayfish and worm baits; April, May and June best; hotels $1 to $1.50 p. d.; bait can be had without charge; boats not needed. We quote the words of our correspondent, “jack or pike.” Query—If the jack is a pike what is a “jack-salmon?” Is it not a pike-perch? The best fishing is about 10 m. distant at the junction of the two above named crs’ and the Obion r. at what is known as Wilder’s lower mill; at Bennett’s mill, 4 m. on Crooked cr., it is also good, in fact very fine at both points.

Knoxville (Several r. r.)—Little r. 10 m.; Little Tennessee r. 18 m.; both good; bass, salmon (pike-perch), pike, perch etc.; minnows usual bait; January, February, March, April, May and December best; hotels $2 p. d.; guides $1 p. d.; boats and bait very reasonable.

### Angling Literature.

The following books will be sent, post paid, on receipt of price:

**THE AMERICAN ANGLER**—A weekly journal, devoted exclusively to Fish, Fishing and Fish Culture; Practical Es-says on Angling and Anglers’ Implements, and Reports of Fishing from all parts of the United States and Canada. Seth Green, the eminent fish culturist, has charge of the Fish Culture Department. Published weekly at $3.00 per annum.

**THE FISHES OF THE EAST ATLANTIC COAST.**—A practical book on the salt water fishes of the Atlantic Coast, giving the scientific and popular descriptions, habits, habitat, when, where and how to catch them, of forty-two fishes that are caught with hook and line; twenty-eight engravings drawn from nature. Handsomely bound in cloth. Price $1.50.

**THE FISHES OF THE EAST Florida COAST.**—Contains a description of the different fishes caught on the Florida Coast, with their habits, modes of capture, tackle, baits, etc. Eleven illustrations. Pamphlet form. Price 25 cents.

**THE ANGLER’S SCORE BOOK.**—Contains blank forms (with stubs) for registry of fish caught; their species, size, weight, baits used, waters fished in, with conditions of wind, water and weather. Pocket size, paper cover, 10c; in limp cloth, 25c.

**PORTRAITS OF GAME FISHES,** on gray tinted Bristol board, 7x9 inches, at the following prices, post paid: Single copies, 10 cents; Fresh Water series (23), at $2; Salt Water Series (37), at $3 50; Whole Series (60), at $5. The list includes all the game fishes of American waters. Descriptive catalogue free. Address AMERICAN ANGLER, 222 Broadway, New York.

Grand Rapids & Ind. R. R.,

THE DIRECT ROUTE TO

Traverse City, Petoskey, Mackinac, Marquette and Other Delightful Health and Summer Resorts of

Northern Michigan

And the Celebrated Trout and Grayling Streams, Beautiful Lakes and Grand Forests of this Famous Country.

The waters of Northern Michigan are unsurpassed if equalled, in the abundance and variety of the fish contained.
Brook trout abound in the streams, and the famous American Grayling is found only in these waters.
The trout season begins May 1 and ends September 1. The grayling season opens June 1 and ends November 1.
Black bass, pike, pickerel and Mascalonge also abound in large numbers in the many lakes and lakelets of this territory.
Take your family with you. The scenery of the North Woods and Lakes is very beautiful. The air is pure, dry and bracing.
The climate is peculiarly beneficial to those suffering with hay fever and asthmatic affections.
New hotels with all modern improvements have been erected, as well as many extensive additions to the older ones, which will guarantee ample accommodations for all.
The completion of this line to Mackinaw City forms the most direct route to Mackinac, St. Ignace, and in connection with the Detroit, Mackinac and Marquette R. R. to Houghton, Hancock, Marquette, Negaunee, L'Anse, and all points in the Upper Peninsula of Michigan.
During the season round trip excursion tickets will be sold at low rates, and attractive train facilities will be offered to tourists and sportsmen.

ASHLAND,
LAKE SUPERIOR, WIS.

On Chequamegon Bay.

Where it is and How to Get There.

Ashland is situated on the southern shore of Chequamegon Bay, an arm of Lake Superior, 429 miles from Chicago, and 344 miles from Milwaukee on the Wisconsin Central Line.

The harbor is one of the finest on the Great Lakes. Here is where the tourist finds rest, recreation, sport and health. Lovers of the rod and gun will find in this locality the finest brook trout, black bass, mascalonge and lake fishing, also the most abundant hunting grounds in the state, including large game, as deer and bear.

Guides, sail and row-boats can be obtained at reasonable rates. The "New Chequamegon" hotel at this point, which is owned and operated by the Wisconsin Central Railroad Co., is the best hotel on the Great Lakes, and has every possible convenience for the tourist, the sportsman or the invalid. It is provided with all modern improvements, including gas, electric bells, water works, bowling alleys, billiard hall, pavilions, boat and bath houses. No one should fail to visit this charming Summer resort.

Sportsmen's rates to any point desired. Dogs, guns and camp equipage carried free.

N. B.—The Wisconsin Central Railroad has a first-class hotel hunting car that can be engaged on moderate terms by applying at the General Office, Milwaukee.

How to Get There.

The best route from Chicago to Ashland is via the C., M & St. P. Ry. to Milwaukee and thence via the popular WISCONSIN CENTRAL LINE to Ashland. It is not only the shortest and most direct route, but it is justly called the "Scenic Route" of the Great Northwest. Passengers take an elegant new sleeper, the finest in the world, at the Union Passenger depot, corner Canal and Adams streets, and go through to Ashland without change of cars. Buy your tickets at the Union depot or at the city office, 61 and 63 Clark street, Chicago.

CANADIAN WATERS.

The fruitful angling waters of the Provinces of Quebec and Nova Scotia, many of them the best on the American Continent, are reached by

The Intercolonial Ry.,

which traverses these provinces from Point Levi (opposite Quebec) to Halifax, Nova Scotia, a distance of 678 miles. Along this extended route several hundred choice fishing grounds are located, most of which are described in this Guide Book.

See pages 24, 25, 26, 27, 36, 37, 38 and 39.

Tourist and Round Trip Excursion Tickets to the Pleasure, Sea-Bathing and Fishing Resorts of the Intercolonial, and to St. John, N.B., Halifax, N. S., and all other points on that railway, and to Prince Edward Island and the Island of Cape Breton, are for sale at the principal ticket agencies in New York and other cities.

FISHES OF THE EAST FLORIDA COAST.

We have ready for delivery the illustrated edition of The American Angler, under the title of "The Fishes of the East Florida Coast." Price, postpaid, twenty-five cents.

The text is from the pen of S. C. Clarke, of Marietta, Ga., the well known angling naturalist.

One of the most valuable features of this edition is a list of the names, localities and the routes to reach them, of the best fishing grounds situated on the East and Gulf coasts of Florida. This information is kindly furnished by "Al Fresco"—Dr. C. J. Kenworthy, of Jacksonville.

This essay contains a description of the different species of fishes caught on the Florida coast, with their habits, descriptions of the mode of capture, tackle, baits, etc. It is illustrated by the following engravings of the native fish, most of which were drawn from nature:

The Red Drum—Channel Bass—Sciaena ocellata
The Red Grouper—Epinephelus morio
The Salt Water Trout—Spotted Sea Trout—Cynoscion carolinensis
The Pompano—Pompeynose—Trachynotus carolinus.
The Mangrove Snapper—Lutjanus aurorubens
The Lady Fish—Skipjack—Bone Fish—Albula conorhynchus.
The Drum—Pogonias chromis.
The Tarpum—Tarpon—Silver King—Megalops thrisoides.
The White, or Silver Mullet—Mugil albula.
The Hog Fish—Pig Fish—Lachnolaimus falcatus.
The Sheepshead.

THE FISHES OF THE EAST ATLANTIC COAST,
THAT ARE
CAUGHT WITH HOOK AND LINE,
INCLUDING THE
FISHES of the EAST COAST of FLORIDA.

By Louis O. Van Doren and Samuel C. Clarke.

This is a practical text book on the salt water fishes that are found on the Atlantic coast from Northern Maine to the Gulf of Mexico. No other work now in print covers this field, and none has been published on this subject for the last quarter of a century. Messrs. Van Doren and Clarke give the scientific and popular descriptions, habits, habitat, when, where and how to catch them, of forty-two fishes that are caught with hook and line along the eastern coast of America. The illustrations are numerous and are photo-like-nesses of the fish represented. They consist of the following:

THE STRIPED BASS.
THE BLUEFISH.
THE WEAKFISH.
THE SHEEPSHEAD.
THE KINGFISH.
THE BONITO.
THE BLACK DRUM.
THE SPANISH MACKEREL.
THE MENDHADEN.
THE LAFAYETTE, OR SPOT.
